CODENECTION

2025

**Student Lifestyle :**  
Tutoring for Student

Team AbaAba

## Problem Statement

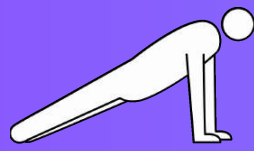

# TRACK 1: STUDENT LIFESTYLE

- **Academic Challenges:** trouble understanding course material, lack of access to personalized help, and inefficient study habits.
- **Issues with Traditional Tutoring:** frequently expensive, inconvenient, or only available during fixed hours.
- **Consequences:** leads to poorer academic performance, higher stress levels, and discourages students from learning on their own.

Team AbaAba

# OUR SOLUTION

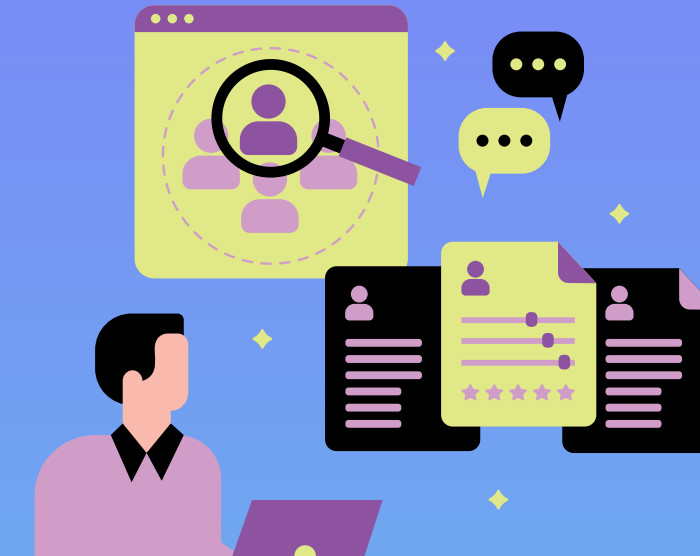

# learn.it

All-in-One Platform for Focused Study and Expert Help

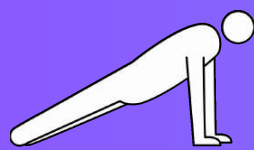

## PERSONALIZED & ON-DEMAND TUTORING

Provides on-demand access to a diverse range of mentors and an AI assistant, overcoming the limitations of fixed hours and high costs of traditional tutoring.

## RESOURCE SHARING HUB

Creates a community-driven library where users can upload and share learning materials, fostering a collaborative and supportive ecosystem

Team AbaAba

# Our Opportunity

## GROWING DEMAND FOR REMOTE LEARNING

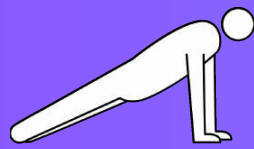

- The global shift toward remote work and online education has created a massive market for platforms that facilitate virtual learning.

## COMMUNITY AND NETWORKING FOCUS

- Fosters a sense of community that many competitors lack.
- Encourages user retention and organic growth.

## DIVERSE SERVICE OFFERINGS

- From primary school to university student... As long as you have the passion to learn
- variety of services

Team AbaAba

× × × ×

# OUR FEATURES

01

## RESOURCES HUB

A centralized space where users can upload and share learning materials and study guides

02

## ONLINE STUDY ROOMS

A feature for focused study sessions with customizable backgrounds and music. It includes a built-in Pomodoro timer to help users manage their time.

03

## MENTOR AND AI INTEGRATION

Users can invite a human mentor or an AI mentor into study rooms for real-time academic help.

04

## MENTOR MEETINGS

Mentors can create and host dedicated online meetings for one-on-one or group sessions.

05

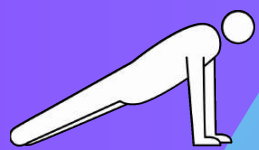

## AI MENTOR SUGGESTION

AI algorithm recommends the most suitable mentors for students based on their needs and profile.

06

## GAMIFICATION

The platform encourages engagement through a points system, daily missions, and a leaderboard for friendly competition among friends.
